SECONDARY SCHOOL PROFILE : CLASS OF 2019

THE CIS MISSION

Chinese International School is committed to the achievement of academic excellence and is characterized and enriched by its dual-language program in Chinese (Mandarin) and English. It's mission is to inspire students to a life-long love of learning. The school encourages intellectual curiosity and independent, critical and creative thinking which allow students to maximise their potential and promote the growth of the whole person. Chinese International School prepares its students to be compassionate, ethical and responsible individuals, contributing to local and global communities, respectful of other views, beliefs and cultures, and concerned to make a difference in the world.

ACCREDITATION/MEMBERSHIPS

Chinese International School is registered with the Hong Kong Government Education Bureau. In 2010, Chinese International School received a ten-year re-accreditation as an international school from the Council of International Schools (CIS) and the New England Association of Schools and Colleges (NEASC).

The school is a member of The College Board, NACAC (National Association of College Admission Counselors), IACAC (International division of NACAC), CASE (Council for the Advancement and Support of Education), EARCOS (East Asia Regional Council of Schools), ECIS (European Council of Independent Schools) and NAIS (National Association of Independent Schools).

THE STUDENT BODY

Chinese International School currently enrolls 672 students in Primary School (Reception to Year 6) and 868 students in Secondary School (Years 7 to 13). The student body consists of students from Australia, Austria, Belgium, Brazil, Canada, China, Denmark, Finland, France, Germany, Hong Kong, Hungary, India, Indonesia, Ireland, Italy, Japan, Malaysia, Mexico, the Netherlands, New Zealand, the Philippines, Portugal, Russia, Singapore, South Africa, South Korea, Spain, Sweden, Switzerland, Taiwan, Thailand, the United Kingdom, and the United States.

As a dual-language school, CIS is unusual in that neither of its two languages are predominant in the Hong Kong community where Cantonese is commonly spoken. Few of our students gain exposure to Mandarin beyond their school experience.

ACADEMIC PROGRAM: YEARS 10 - 13

The languages of instruction at CIS are English and Chinese (Mandarin). The school operates on a term system with examinations only in Year 12 (May) and Year 13 (February and May). **CIS students are not ranked, nor do we compute a Grade Point Average.**

YEARS 10 - 11:

During Years 10 and 11, all students complete the last two years of the International Baccalaureate Middle Years Program (IBMYP), studying a common curriculum of 8 core subjects plus one optional subject.

Hangzhou CIS:

Beginning in 2013-14, Year 10 (Grade 9) students were given the option of spending the year at our residential study center in Hangzhou, China. Participation in the Hangzhou CIS program is indicated on the transcript by the (HZ) designation. Information about Hangzhou CIS can be found at the following link: <http://www.cis.edu.hk/hangzhou-cis>

Students who chose to remain in Hong Kong completed their Year 10 studies on the Braemar Hill campus. Whether completing their Year 10 studies in Hong Kong or at Hangzhou CIS, all students follow the IBMYP Year 10 curriculum.

YEARS 12 - 13:

All students pursue a course of study in the International Baccalaureate Diploma Program (IBDP), selecting three Higher Level subjects and three Standard subjects, along with the required Theory of Knowledge (TOK) course, Creativity, Action and Service (CAS) projects, and the four-thousand word Extended Essay (personal research project).

IBDP course selections include:

Chinese	Economics	Biology	Physics	Theatre Arts
English	Geography	Computer Science	Mathematics	Visual Arts
French	History	Chemistry	Film	
Spanish	Psychology	Design Technology	Music	

Students complete their IBDP Examinations in May of Year 13, with final results available in early July.
